Black Diamond Books is proud to announce the release of STALKING A DIVA™; a real life cyber-thriller—the first of its genre— and a page-turner from start to finish. Leandra's Story was featured

November 28th on the Lifetime Network® on the new hit series "My Life Is A LifeTime Movie"

"DIVA" tells the story of Leandra Ramm, an up-and-coming opera singer, model and musical theater actress with a fascinating past, whose burgeoning career is cut short by her relentless Singaporean cyber-stalker—a man whom she has never even met.

Already a convicted arms dealer, her stalker turns cyber-terrorist, determined to destroy Ramm's reputation and relationships, threatening to kill or maim her and those she loves if she fails to capitulate to his various ranting demands for love, attention and apologies.

Leandra's six-year international nightmare comes alive through actual excerpts from thousands of emails, chat logs and blogs posted by her predator, creating an extremely disturbing portrait of a serial stalker, who law enforcement is powerless (or simply uninterested) in stopping. Although, her Stalker was finally arrested in Singapore, she is still waiting on Justice. US and Singapore authorities are presently cooperating on the case...

The most frightening aspect of STALKING A DIVA™ is the very real possibility that, without warning, Ramm's story could happen to any of one of us.

"STALKING A DIVA" IS AVAILABLE FROM IBOOKS, KINDLE, & NOOK NOW!

LEANDRA WAS FEATURED ON LIFETIME TELEVISION!

Leandra Ramm was featured in the season finale of Lifetime's new hit series "My Life is a Lifetime Movie", this past November 28th at 10PM EST. "My Life is a Lifetime Movie" is an original hybrid unscripted series focusing on people who could have been the subject of one of its trademark telefilms. The series will feature re-creations and interviews with women who recount their experiences that are said to be so unbelievable that they must be true.

If you missed it, here is a one minute recap of the show!
