I am thrilled to tell my life story in this autobiographical play with music. I hope you can come to this one night engagement!

Black Diamond Books is proud to announce the upcoming release of STALKING A DIVA™; a real life cyber-thriller—the first of its genre— and a page-turner from start to finish. Leandra's Story will be featured November 28th on the Lifetime Network® on the new hit series "My Life Is A LifeTime Movie"

"DIVA" tells the story of Leandra Ramm, an up-and-coming opera singer, model and musical theater actress with a fascinating past, whose

burgeoning career is cut short by her relentless Singaporean cyber-stalker—a man whom she has never even met.

Already a convicted arms dealer, her stalker turns cyber-terrorist, determined to destroy Ramm's reputation and relationships, threatening to kill or maim her and those she loves if she fails to capitulate to his various ranting demands for love, attention and apologies.

Leandra's six-year international nightmare comes alive through actual excerpts from thousands of emails, chat logs and blogs posted by her predator, creating an extremely disturbing portrait of a serial stalker, who law enforcement is powerless (or simply uninterested) in stopping. Although, her Stalker was finally arrested in Singapore, she is still waiting on Justice. US and Singapore authorities are presently cooperating on the case...

The most frightening aspect of STALKING A DIVA™ is the very real possibility that, without warning, Ramm's story could happen to any of one of us.

"STALKING A DIVA" IS AVAILABLE FROM IBOOKS, KINDLE, & NOOK NOVEMBER 8th!
