# Discovery

I am very proud to announce that my real life cyber stalking case has been put into a hour long TV episode. Tune in this Tuesday night at 10pm/9 C to Investigation Discovery to watch my story come to life. The talented actress and singer Alison Arnopp plays myself along with a wonderful cast of actors. I narrate the episode. I flew to London in May of last year to film this and I can not wait to see it. I hope you will watch this milestone in my life as my record breaking case ends in wonderful victory. For more information on Obsession: Dark Desires, please click [HERE](#)
